### ABOUT ME

---

I am an ambitious Android Developer currently pursuing a Bachelor's degree in Computer Science. With a passion for mobile application development, I have experience creating user-friendly and responsive Android apps using Java and Android Studio. I am adept at creating custom layouts and implementing various features such as push notifications and geolocation. Additionally, I possess strong problem-solving skills and am constantly exploring new technologies and trends in the mobile app development industry. I am eager to contribute my skills and learn from experienced professionals in the field.
